

## March 2021 – December 2022

Synergy North is in the process of upgrading the electricity system throughout the area. Your neighborhood is scheduled to be upgraded beginning in March.

Both our company and contractor trucks will be on location. Crews will be clearing trees, replacing old hydro poles and upgrading the power lines to a higher voltage. This will improve the reliability of the equipment in the neighborhood and make the system more efficient.

The following area will be affected:

- Court St. N.
- Fitzgerald St.
- Munro St.
- Clarke St.
- Nelson St.
- McCulloch St.
- Powley St.
- Algoma St. N.
- Cumberland St. N.

***If you have received this notice***, you may experience a few power interruptions during the course of the project. Street lights in your area may also be affected.

For example, when we transfer your service line to the new power lines, power will be interrupted for about an hour. When we anticipate a longer interruption, we will try to notify you in advance wherever possible.

If you have any concerns, special schedules or questions,  
please call

Jeremy Puhalski, Lines Supervisor 807-343-1176
