

Instructions

Please complete an electricity application for your primary residence (where you reside for more than 6 months of the year). You cannot receive COVID-19 Energy Assistance Program (CEAP) funding for multiple residences. If you previously applied for and received CEAP funding, you may reapply for your primary residence again, up to the total combined maximum credit of \$750. If you have natural gas service, you may apply separately for natural gas CEAP support through your natural gas utility. This program is intended to provide support to households that have been financially impacted by COVID-19.

After you have provided your information, please sign this form and provide your consent by:

- (a) if submitting electronically, typing your name(s) in Section 4; or
- (b) if submitting by mail, you may print the completed form and sign Section 4 by hand.

Please ensure that the information provided is accurate and up-to-date.

Once completed, the form can be emailed or printed and mailed to your utility. Your utility may offer other ways to submit your application, including in some cases by phone. Please refer to your utility's website or contact them for more details.

CEAP funding is limited and applying does not guarantee that your utility has CEAP funding remaining. Applications will be processed in the order they are received. For information on lower-income energy support programs available, please visit the Ontario Energy Board's [website](#).

Program Eligibility

You are eligible for this program if, as of the date you are applying, you have overdue amounts owing from one or more electricity bill(s) incurred since March 17, 2020, the date of the first Provincial Declaration of Emergency due to the COVID-19 pandemic.

If you previously received funding under this program and are reapplying based on overdue amounts still owing, you may qualify for additional funding up to a total combined maximum credit of \$750.

If you are not eligible for CEAP, you may still be eligible for other energy support programs. Please visit the Ontario Energy Board's [website](#) for more information. You may also contact your utility for information on ways to address overdue bills, including entering into an Arrears Payment Agreement.
