

NOTICE

OF HYDRO WORK IN YOUR NEIGHBOURHOOD

August 2021 – December 2021

SYNERGY NORTH is in the process of replacing our underground primary cables in the Phillips Anten area. Primary cables are currently direct buried and will be replaced by utilizing the new underground duct that was previously installed in the area.

Both our company and contractor trucks will be on location. This will improve the reliability of the underground assets in the neighborhood and make the system more efficient.

The following area will be affected:

- Evans St.
- Dennis St.
- Anten St.
- Phillips Ave.
- Phillips St.
- McAuliffe Pl.

If you have received this notice, you may experience a few power interruptions and/or traffic delays during the course of the project.

If you have any concerns, special schedules or questions,
please call

Jeremy Puhalski, Lines Construction Supervisor
